EXAMINER'S AMENDMENT

Election/Restrictions

Claims 1, 6, and 9 are allowable. The restriction requirement between Species I-IV, as set forth in the Office action mailed on 11 October 2006, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 10-12, 17-19, and 22 directed to non-elected species are no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Camille Urban on 17 June 2009.

The application has been amended as follows:

Claim 1 should be amended as follows:

Claim 1, line 12, should read:

--entry vent opening and causing a second directional turn *in a horizontal direction* to said airspace--.

The phrase "in a horizontal direction" was added to the claim.

Claim 6 should be amended as follows:

Claim 6, lines 14-15, should read:

-- directional turn *upwards* and a first interior opening spaced vertically above said entry vent opening and causing a second directional turn *in a horizontal direction* and each said exit--.

The phrases "upwards" and "in a horizontal direction" were added to the claim.

Claim 9 should be amended as follows:

Claim 9, lines 12-13, should read:

-- directional turn **upwards** and having a proximal cross section, a first inside opening causing a second directional turn **in a horizontal direction**, a first distal path having a first--.

The phrases "upwards" and "in a horizontal direction" were added to the claim.

The following is an examiner's statement of reasons for allowance:

The prior art fails to disclose a protective panel for stained glass windows which has a frame with venting means. The venting means is made up of entry vents and exit vents, these vents have structure in which the vent has pathways which cause the air entering the airspace between the panel and the stained glass window to turn vertically in the first pathway and then horizontally at the interior vent opening into the airspace.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to RYAN D. KWIECINSKI whose telephone number is

(571)272-5160. The examiner can normally be reached on Monday - Friday from 9 am to 5 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Richard Chilcot can be reached on (571)272-6777. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
